

RODRIGO GUIMARÃES BARBOSA HENRIQUES SILVA

FULL-STACK JAVASCRIPT DEVELOPER

Belo Horizonte, MG, Brazil • +55 (31) 99687-6229 • github.com/rodrigobhs

PROFESSIONAL SUMMARY

Full-Stack Developer undergoing a career transition, backed by a solid technical foundation in TypeScript, Node.js, and JavaScript developed through Rocketseat's Back-End Track and over 20 technical certifications. At 29 years old, transitioning into software engineering following 7 years as a self-employed entrepreneur and barber. Built a business from the ground up, honing active listening, clear communication, empathy, and client relationship management—transferable strengths that translate into strong ownership, resilience, and product-oriented thinking. Currently pursuing a Bachelor's degree in Systems Analysis and Development at Newton Paiva University. Seeking an entry-level software engineering role to deliver high-quality code, leverage soft skills, and contribute value to dynamic product teams.

TECHNICAL SKILLS

- Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3
- Back-End & Data: Node.js, RESTful APIs, Microservices, MySQL, PostgreSQL, TypeORM
- Tools & DevOps: Docker, Git, GitHub

** Primary Focus: High proficiency and continuous focus on TypeScript development over the past 12+ months.*

PROJECTS & PORTFOLIO

Full-Stack Personal Portfolio & Back-End Projects

github.com/rodrigobhs

Active development of full-stack and back-end applications utilizing Node.js, TypeScript, Express, PostgreSQL, and TypeORM focusing on clean architecture, RESTful API principles, and robust database modeling.

PROFESSIONAL EXPERIENCE

Entrepreneur & Self-Employed Barber

Independent Business | Belo Horizonte, Brazil

Dec 2018 – Present

- Business Growth:** Built a loyal customer base from scratch in under 2 years, achieving a client retention rate above 70% through structured service protocols and active client engagement.
- Operations Management:** Managed 100% of business operations independently, including scheduling, inventory control, pricing strategy, and cash flow management, cultivating a product mindset and operational efficiency.
- Consultative Sales:** Increased average ticket size per client via consultative sales of grooming products, using active listening to identify customer needs—a key transferable soft skill for client-centric agile squads.
- Adaptability & Resilience:** Maintained business continuity with zero external infrastructure during social isolation periods, pivoting operational models effectively while demonstrating high resilience.

Educational Operations Agent

Educational Association of Brazil (SOEBRAS) | Belo Horizonte, Brazil

May 2018 – Dec 2018

- Process Standardization:** Managed documentation workflows and student support for hundreds of enrollment records, developing attention to detail and process standardization crucial in software engineering.
- Communication:** Acted as the main point of contact between students and the institution, resolving operational demands autonomously with clear communication.

Data Registration Agent

NORT Apercon | Belo Horizonte, Brazil

May 2017 – Aug 2017

- Data Quality & Precision:** Responsible for verifying and ensuring the accuracy and integrity of user registry data, fostering rigorous quality discipline.

EDUCATION

Associate Degree in Systems Analysis and Development (TADS)
Centro Universitário Newton Paiva
